# What are Patriot Rewards?

**North Warren Regional**  
*Students of Today...  
Leaders of Tomorrow*

The Patriot Rewards Program has been created to encourage and reward those positive attributes that will help our students to become successful students and citizens both in school and in the community.

It is intended to foster good study skills, hard work, appropriate behavior, and prompt and regular attendance.

There are two levels:

## **The Red Level—Patriot Privilege**

Students at the Red Level

- Earn passing grades in every subject.
- Demonstrate outstanding attendance with no more than 2 unexcused absences and 2 unexcused tardies to school.
- Have no disciplinary infractions.

These students receive a Patriot Privilege card and receive in-school rewards such as free admission to selected NWR events and other incentives as selected by the administration—free snacks or lunches, etc.

## **The Blue Level—Patriot Rewards**

Students at the Blue Level

- Earn grades of 80% or higher in every subject.
- Demonstrate excellent attendance with no more than 1 unexcused absence and 2 unexcused tardies to school.
- Have no disciplinary infractions.

These students receive all the rewards of the Red Level, PLUS the **Patriot Rewards Card**, which will enable these students to receive discounts from merchants in and around the North Warren Community.

Rewards levels are determined at the end of each marking period, so students have the ability to move up or to maintain their standing.

Local merchants have agreed to provide incentives to our students either by the marking period, semester, or the year.

**The North Warren Regional School District is grateful for the support received from the following education-minded corporate sponsors:**
