The Art Department needs your help!

We are thrilled to announce our upcoming art project that invites each participant to contribute to a breathtaking mural adorning the Ceramics and Health hallway. This collaborative masterpiece, aptly named "School of Individuality," will feature a collection of uniquely designed fish tiles by our art students, with each one symbolizing the diversity and creativity within our community.

We need your help to make it truly shine - quite literally!

We're on the lookout for mirrors of all shapes, sizes, and conditions to incorporate into our masterpiece. Whether they're pristine and whole or pre-smashed with character, each mirror will play a vital role in adding depth, intrigue, and a touch of magic to our mural. Mirrors don't just reflect light; they reflect our community's spirit, diversity, and vibrancy. They're a symbol of interconnectedness, where each shard contributes to a beautiful mosaic of stories, experiences, and perspectives.

So, raid your attics, scour your garages, and rummage through your closets - those forgotten mirrors could be just what we need to make our mural pop! Plus, this is your chance to declutter and give those mirrors a new lease on life as part of a captivating public artwork.

Not sure if your mirror is up to snuff? Don't worry - we welcome all contributions, from the sleek and modern to the quirky and eclectic. Whether it's a sleek wall mirror, a vintage hand mirror, or even a funky funhouse mirror, we'll find the perfect spot for it in our design.

Here's how you can get involved:

*Donate Mirrors: you can drop off your mirrors at NWR Main Lobby during school hours.

*Spread the Word: Share this email with friends, family, and neighbors who might have mirrors to spare. The more mirrors, the merrier!

*Follow Our Journey: Keep up with our progress on social media @northwarrenreg and join us for the unveiling celebration when the mural is complete!

Thank you in advance for your support and generosity. Together, let's transform our community with art that reflects the beauty of us all!
